One day in February, 18 wholesome and hearty members of the Carl M. Freeman Foundation converged on the COK Volunteer Center to work side by side with the Volunteers. The group, led by Patti Grimes and Lindsay Richard, filled orders, organized clothing shelves, put together shelving for the overflow storage facility and stacked those with boxes, and then delivered the orders to the school staff who placed the orders. Below is a photo of the Freeman Team with COK Volunteers Karen Borges and Kim Plum holding a representative check for \$88,000 which is the total Freeman has contributed to the Sussex County students in need since 2013. With partners like the Carl M. Freeman Foundation, COK can truly provide an opportunity for every student to achieve success.
